July 13, 1985

Dear Betty:

We, of the San Diego/Imperial Region of N.A., would like to express our sincere condolences to you during this time of grief for the passing of Jimmy. Although many of us had never had the privilege of meeting him, we are all familiar with his tireless efforts to make recovery available to all addicts. Few and privileged are the people who, during a short lifetime, can touch so many lives and leave such a legacy of love.

We represent probably a thousand of the countless addicts the world over whose lives have literally been made whole again through Narcotics Anonymous. We are extremely grateful to Jimmy for the part he played in our individual recoveries.

Our prayers go with you as well as with the unfortunate addicts that have not yet had the opportunity to recover that we have had through N.A. Jimmy will live in our hearts forever.

With Indescribable gratitude.

The San Diego/Imperial fellowship.
