## **How It Works**

If you want what we have to offer, and are willing to make the effort to get it, then you are ready to take certain steps. These are the principles that made our recovery possible.

1. We admitted that we were powerless over our addiction, that our lives had become unmanageable.
2. We came to believe that a Power greater than ourselves could restore us to sanity.
3. We made a decision to turn our will and our lives over to the care of God as we understood Him.
4. We made a searching and fearless moral inventory of ourselves.
5. We admitted to God, to ourselves, and to another human being the exact nature of our wrongs.
6. We were entirely ready to have God remove all these defects of character.
7. We humbly asked Him to remove all these defects of character.
8. We made a list of all persons we had harmed, and became willing to make amends to them all.
9. We made direct amends to such people wherever possible, except when to do so would injure them or others.
10. We continued to take personal inventory and when we were wrong promptly admitted it.
11. We sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of His will for us and the power to carry that out.
12. Having had a spiritual awakening as a result of these steps, we tried to carry this message to addicts, and to practice these principles in all our affairs.

## **Welcome**

The Greater Philadelphia Region and the Convention Committee welcome you to the Tenth Regional Convention. We invite you to share in the Celebration of Recovery. We hope the spirit of recovery here is as warm and loving as yours at home. Please join us in the numerous meetings, workshops and activities to help make our tenth a memorable and pleasurable one for us all.

## **History**

In the year 1980, the first Narcotics Anonymous East Coast Convention was started. Philadelphia was not included. In February of 1983 there was discussion about developing a Philadelphia Convention after a lot of meetings, arguments and controversy. In March of 1983, the thoughts became a reality. Thanks to one addict putting up \$100, and another addict matching that and putting up another \$100, here we are 10 years later in a major hotel celebrating our 10th Philadelphia Convention, and looking forward to our next Decade of Growth.

## **IDENTITY STATEMENT**

In Narcotics Anonymous, we are presented with a dilemma. When N.A. members identify themselves as "addicts and alcoholics," "cross-addicted," or talk about living "clean and sober," the clarity of the N.A. message is blurred. To speak in this manner suggests that there are two diseases; that one drug is separate from the rest. Narcotics Anonymous makes no distinction between drugs. Our identification as addicts is all-inclusive, allowing us to concentrate on our similarities, not our differences.

The above statement is offered in the spirit of N.A. unity. Please remember this request is not made in order to rule, censor or dictate behavior. We make this request to help provide an atmosphere of recovery, where we can hear the simple, unconfusing, and life-saving message of Narcotics Anonymous.

## **11th TRADITION**

"Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio and films."

## **ANONYMITY STATEMENT**

The basic premise of anonymity allows addicts to attend meetings without fear of legal or social repercussions. This is an important consideration for an addict thinking about going to a meeting for the first time. Anonymity also supports an atmosphere of equality in meetings. It helps ensure that no individual's personality or circumstance will be considered more important than the message of recovery shared in N.A.

## STATEMENT TO THE PRESS

If any members of the press are present, please see Veronica, Convention Information Chairperson, or Pat S., Co Chairperson, for information at the Convention Information table on the Ballroom level. We ask that no pictures be taken during the meetings.

## RESPONSIBILITY STATEMENTS

The hotel has gone to great lengths to provide us with a clean and friendly space for our convention. We as participants need to follow rules and ensure a welcome return in the future. Have a great time and enjoy yourself—responsibly.

**Statement #1** Please bear in mind that your conduct is a reflection on N.A. If you are unable to act in a civilized, responsible manner you will be asked to leave.

**Statement #2** Shirts and shoes must be worn in all of the hallways and public areas at all times.

**Statement #3** Please keep in mind that not everyone likes to stay up all night. We need to have peace and quiet in the hallways between the hours of 11:00 p.m. and 8:00 a.m., and to keep the noise in the rooms to a minimum. The hotel reserves the right to ask those who do not comply with this rule to leave the premises. The committee was provided a hospitality suite for group gatherings during the night.

**Statement #4** No sleeping allowed in the public areas of the hotel.

**Statement #5** Access to all GPRCNA #10 activities requires you to wear your name tag.

**Statement #6** Individuals must be responsible for any damage done to their rooms.

**Statement #7** All vendors should be authorized and approved by the convention committee.

### JUST FOR TODAY

Tell yourself:

JUST FOR TODAY my thoughts will be on my recovery, living and enjoying life without the use of drugs.

JUST FOR TODAY I will have faith in someone in N.A. who believes in me and wants to help me in my recovery.

JUST FOR TODAY I will have a program. I will try to follow it to the best of my ability.

JUST FOR TODAY, through N.A., I will try to get a better perspective on my life.

JUST FOR TODAY I will be unafraid, my thoughts will be on my new associations, people who are not using and who have found a new way of life. So long as I follow that way, I have nothing to fear.

### WHAT IS THE NARCOTICS ANONYMOUS PROGRAM?

N. A. is a nonprofit Fellowship or society of men and women for whom drugs had become a major problem. We are recovering addicts who meet regularly to help each other stay clean. This is a program of complete abstinence from all drugs. There is only one requirement for membership, the desire to stop using. We suggest that you keep an open mind and give yourself a break. Our program is a set of principles written so simply that we can follow them in our daily lives. The most important thing about them is that they work.

There are no strings attached to N.A. We are not affiliated with any other organizations, we have no initiation fees or dues, no pledges to sign, no promises to make to anyone. We are not connected with any political, religious or law enforcement groups, and are under no surveillance at any time. Anyone may join us, regardless of age, race, sexual identity, creed, religion or lack of religion.

We are not interested in what or how much you used or who your connections were, what you have done in the past, how much or how little you have, but only in what you want to do about your problem and how we can help. The newcomer is the most important person at any meeting, because we can only keep what we have by giving it away. We have learned from our group experience that those who keep coming to our meetings regularly stay clean.

## SUNDAY

## WHO IS AN ADDICT?

Most of us do not have to think twice about this question. WE KNOW! Our whole life and thinking was centered in drugs in one form or another — the getting and using and finding ways and means to get more. We lived to use and used to live. Very simply, an addict is a man or woman whose life is controlled by drugs. We are people in the grip of a continuing and progressive illness whose ends are always the same: jails, institutions and death.

## WHY ARE WE HERE?

Before coming to the Fellowship of N.A., we could not manage our own lives. We could not live and enjoy life as other people do. We had to have something different and we thought we had found it in drugs. We placed their use ahead of the welfare of our families, our wives, husbands, and our children. We had to have drugs at all costs. We did many people great harm, but most of all we harmed ourselves. Through our inability to accept personal responsibilities we were actually creating our own problems. We seemed to be incapable of facing life on its own terms.

Most of us realized that in our addiction we were slowly committing suicide, but addiction is such a cunning enemy of life that we had lost the power to do anything about it. Many of us ended up in jail, or sought help through medicine, religion and psychiatry. None of these methods was sufficient for us. Our disease always resurfaced or continued to progress until in desperation, we sought help from each other in Narcotics Anonymous.

After coming to N.A. we realized we were sick people. We suffered from a disease from which there is no known cure. It can, however, be arrested at some point, and recovery is then possible.

## THE TWELVE TRADITIONS

1. Our common welfare should come first; personal recovery depends on N.A. unity.
2. For our group purpose there is but one ultimate authority — a loving God as He may express Himself in our group conscience. Our leaders are but trusted servants, they do not govern.
3. The only requirement for membership is a desire to stop using.
4. Each group should be autonomous except in matters affecting other groups or N.A. as a whole.
5. Each group has but one primary purpose — to carry the message to the addict who still suffers.
6. An N.A. group ought never endorse, finance, or lend the N.A. name to any related facility or outside enterprise, lest problems of money, property or prestige divert us from our primary purpose.
7. Every N.A. group ought to be fully self-supporting, declining outside contributions.
8. Narcotics Anonymous should remain forever nonprofessional, but our service centers may employ special workers.
9. N.A., as such, ought never be organized, but we may create service boards or committees directly responsible to those they serve.
10. Narcotics Anonymous has no opinion on outside issues; hence the N.A. name ought never be drawn into public controversy.
11. Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio, and films.
12. Anonymity is the spiritual foundation of all our Traditions, ever reminding us to place principles before personalities.

*"When at the end of the road we find that we can no longer function as a human being, either with or without drugs, we all face the same dilemma. What is there left to do? There seems to be this alternative: either go on as best we can to the bitter ends — jails, institutions or death — or find a new way to live. In years gone by, very few addicts ever had this last choice. Those who are addicted today are more fortunate. For the first time in man's entire history, a simple way has been proving itself in the lives of many addicts. It is available to us all. This is a simple spiritual - not religious — program, known as Narcotics Anonymous.*
