RSO BOARD INC: * Emergency meeting was held June 3rd to discuss missing money and the direction from the Region on 6/2. \$11653.00 was turned over to the office leaving approx. 13,233.35 owed to the RSO. At this meeting two plans were pursued to contact an attorney and contact the WSO for advice. At our next meeting there was discussion on what action to take, the WSO reminded us that we are talking about a volunteer and not a paid employee. A suggestion on having a signed agreement promising repayment and if default took place to then take legal action. Direction again was given to pursue Legal advice, also direction was given to obtain Books to review exact amount of missing funds. The books were reviewed and records were pieced together to come to the sum of \$14,409.67. There are still some questions about some transactions and direction was given to go over them with the Ex-Treas. also some members had spoken to him and he agreed to sign an agreement to repay debt. An agreement was submitted and approved with the provision an attorney review it for grammatical errors. The agreement was reviewed by the attorney, who then submitted a complete legal agreement to include a waiver of rights. The records that were being reviewed were lost and the final amount that we had determined is \$ 14,409.67 The Board has agreed the statement read payments of \$150.00 per month, until this amount has been repaid by Paul. It will be signed this week and payments will begin September. If this agreement is broken, we have seven years to take legal action since this document was signed and his rights were waived for defense.

PI- cont'd

TO: G.P.R.S.C.
FROM: MIKE B. REGIONAL TREASURER
SUBJ: REPORT FOR AUGUST SERVICE MTG.
DATE: JULY 31, 1991

In light of recent financial issues around accountability it is becoming increasingly apparent that changes need to occur. Currently the Regional Checking Account has a discrepancy of \$1,459.25 (see attached financial report). We are fortunate that this time it appears that we have more money in the account than listed. Due to the need for increased financial accountability the following procedures will be implemented immediately.

- (1) Prior to having a check issued the sub-committee chair/co-chair will need to submit a check request form (see attached form).
- (2) Prior to a sub-committee receiving any additional monies all receipts for monies issued previously will need to be turned into the regional treasurer.
- (3) When monies are issued for travel, trusted servants will need to submit an itemized list of all expenditures, along with all receipts. Again, no additional monies will be released until the itemized list and receipts are received.

In order for the region to have an accurate record of all monies spent to prepare yearly tax reports, and to heighten our level of accountability these changes are imperative

In loving service,

Mike B.
Regional Treasurer
