OVER

Started in Lexington & New York City.  
Danny had Terminal Cancer & died soon  
after starting several meetings.  
To best of my knowledge never more  
than three meetings in New York City,  
two in Manhattan & one in Harlem,  
died about 1954 or '55.  
Started by some of the past  
or thereabouts - no  
but made

Public & Radio appearances & sought  
help ~~for~~ <sup>and</sup> funds & vocational and  
job sponsorship from City Council &  
businessmen in the city. In '61 &  
'62 we tried to interest them in our  
type of N.F., (we borrowed the name, they  
had no hands on it ~~at~~ but  
they couldn't see it our ~~...~~)

First man we tried to reach was a  
Frank W. (a Polish name) who seemed  
to be trying to hold things together,  
later it was a Rar Lopez that we  
contacted but who did not want  
to join us in the way we used the  
adapted ~~to~~ traditions, so we  
went ~~to~~ they want theirs.

Several years later with a bill only 2 meetings  
scheduled in the city of N.Y. or Harlem that  
we could locate a meeting at Rikers  
Island, the steps ~~begin as~~ ~~is known~~  
as we had accepted with permission from  
A.F. in New York City began to appear  
in a folder from Rikers with our additional  
step number thirteen which said  
God Help Us. contain
