

In the greater Philadelphia region, Narcotics Anonymous groups are springing up at a rate that is astonishing & a credit to our fellowships & its principals.

That is what it is all about, one addict helping another. Our primary purpose is to carry the message, obviously the message has been carried in the Phila area. NA membership has quadrupled in the past two yrs. & continues to grow on a daily. Many groups who before held twenty members, have now grown to 100 or more.

We would like to formally announce the formation of the Riverfront Area of Phila.

In our service guide it states "When an area or region grows to a point where it cannot efficiently serve its members needs, that an area or region should divide. Efficiency is the keyword here. From a survey we have taken in our fellowship, the most optimum efficiency has been achieved in areas containing 20 to 40 groups per area.

We feel that 20 or so groups can more efficiently interact & achieve a true group conscience.

The geographical boundaries area follows from north to south, from our northern city limits south on Roosevelt Blvd, to Cheltenham Ave east on Cheltenham Ave, to Frankford Ave to Erie Ave, west on Erie Ave to Broad St, south on Broad St to the river. Our eastern boundary is the Delaware River.

As of Mon. June 6th, we have had 6 groups conscience  
to join our area. More groups are coming & we cordially  
invite ~~other~~ other interested groups to become a part of  
The groups are as follows, Surrender To ~~the~~ Win  
For Addicts only, Living the Program, New  
Alternatives Group, Attitude of Gratitude, No. A.N.O.A.

As other groups, group conscience this, the mother  
area will be kept informed.

As long as the ties that bind us together are stronger  
than those that would tear us apart all will be well.  
We must live & work together. We set aside our differences  
& work for the common good.

Narcotics Anonymous is a God given program  
with faith in a power greater than ourselves, hard work  
& unity we will survive, grow beyond our wildest  
dreams, & continue to carry the message to the addict  
who still suffers.

Unity is a must in Narcotics Anonymous. To maintain  
this unity we must cooperate. In the spirit of unity &  
cooperation, we are asking for your continuing  
cooperation in the ensuing months, until this area  
can achieve true autonomy.

On Sat. June 13th at 8 PM at John McCullough  
Hall, Torrance & Robbins Ave. our next area service  
meeting will be held.

Once again we would like to express our  
gratitude to the mother area.
