Dear Bob,

Finally some action from the NA WAY sub-committee! I've drafted our preliminary , sketchy guidelines from our two meetings in California in May. Please send us a copy of the Fellowship mailing list. We propose to send enclosed letter out Fellowship wide. I know we didn't propose a budget at WSC and we do plan to be self supporting through subscriptions, but I feel that this first informational letter should be financed by WSC or included in Fellowship Report offboth. Can we get some money for printing and postage for this letter?

Our first issue is nearing completion and will soon go to the printer. I have had some contact with Linda G. and she seems to have some production/distribution plans together. Bill Z. has been incommunicado and seems to be unwilling or unable to help. Therefore all input --ideas--articles--comments or suggestions should be sent to me--

The first issue will be out by WCNA - 12, and we will try to come out with one every month thereafter.

In Loving Service,

Jim E. M.
Co-Chairman/Editor
NA WAY Sub-Committee
