Dear Jim:

On August 6, 1982, the WSC Administration Committee reviewed your letter of request, dated July 26, 1982.

We as a committee feel that, at this point in time it is best for us to turn this matter over to the Board of Trustees.

Our thoughts to the board, in effect are, that NA WAY's printing and distribution agency of the Fellowship.

We understand your endeavor in this new project for the fellowship. We will inform you, when we receive clarification of these matters from the Board of Trustees.

Your Trusted Servants,

Administration Committee - WSC '83
