Dear Florida Convention Committee,

We have received notice of your upcoming event and are publicizing it in the *N.A. Way* and *Newsline*. We hope this is helpful to you, and that you are aware that we will publish any such notices you may want the fellowship to be aware of. All you need to do is send us a flier or note a few months ahead of time.

We'd like your committee's help in making it possible for those attending your event to subscribe to the *N.A. Way* magazine. We've enclosed a stand-up display poster for your registration table, a number of individual subscription mailing cards, a dozen group sign up sheets, and twelve recent copies of the *N.A. Way*. If your committee would like to help us, there are three things you can do:

- 1) Please enclose the individual subscription cards in your registration packets.
- 2) Please display the poster at your registration table.
- 3) Please ask chairpersons or leaders of workshops to announce the sign up sheet sometime during their meeting, pass it around, and return the sheet to one of your committee members. If they like, they can hold up a copy of the magazine and let those interested take a look at it. The committee member you designate, in turn, would be asked to mail the completed sign up sheets back to us in a single bundle.

Thanks for taking the time to consider this request. All of us here at the *N.A. Way* and the WSO wish your committee success in hosting your event. If there is any way we can be of service in this or any other effort of your local N.A. community, please don't hesitate to contact us.

In service to N.A.

Ron H. Editor
The *N.A. Way* Magazine
