Dear Bo:

Thank you very much for your letter. You are the first trustee I have received any input from on those two books and I want you to know how much I appreciate your support. You also have a lot of experience and time in the program and (I know you should never say this to an addict, but) I value your opinions.

By the way, I'm moving. I put my new address and phone number up at the top of the page. I'm still at my old place but I plan on making the final move some time this next week.

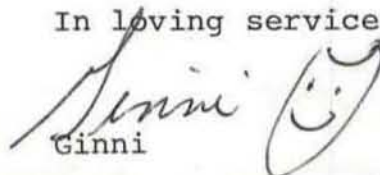

Thank you for the copies of your letters to Marietta and Bob Stone. I'm going up to the WSO tomorrow, so I'll talk to Bob about my minutes. I also appreciated the past WSC-LC minutes and financial statements.

As far as your comment about making the literature available to anyone who wants to input -- I think that's pretty much been our procedure in the past, hasn't it? I know in my fellowship report I said something about "anyone is welcome to submit input on these works or any other literature." But maybe your suggestion about a sample form on just how to input would be a good idea. Let me talk to some other lit. members and try to get something together before the next fellowship report.

Yes you are still in the running for the World Lit. Conference. I'm sorry I haven't been able to get back to you yet on that. I'm waiting to receive the proposals from Florida and Mid-Coast regions. They have informed me they will be in the mail next week. So hopefully by the end of the month we'll know for sure.

I really appreciate all your support, Bo, as well as your patience, tolerance and love. Give my best to all my friends there in Georgia, and please keep in touch.

In loving service,

Ginni
