

AD-HOC COMMITTEE for CONVENTION GUIDELINES

Bo S. has compiled So. California Activities Guidelines, So. California Convention Guidelines and minutes from the Georgia Regional Convention, as well as No. California Activities Guidelines, minutes of the WCNA-12 and the Florida RSC Activities and Convention Guidelines. This material will be used to construct Convention Guidelines for the Fellowship's approval.

AD-HOC COMMITTEE for Research of Service Structures of other 12 Step Programs and Organizations of a Spiritual nature.

Bo S. received and researched a copy of the AA Service Manual. Significant differences between their structure and ours are:

- 1. A paragraph defining the power of their General Service Conference to shut down, reorganize or demand resignations of their General Service Office Board members,
- 2. Their trustees act in association with their GSO
- 3. The GS Conference is the guardian of the Twelve Traditions.

The manual also includes a lot of what we would call editorializing relating to the history of their program, specific blocks of information relating to significant topics and a series of elaborate explanations as to where their policies come from. They detail the events which led up to the formation of specific procedures to keep difficulties from arising again. There is one major, categorical inclusion to the manual; the 12 Concepts. These balance majority rights against minorities, guard against various abuses which are likely to develop among recovering Alcohol addicts and secure various philosophical points as indispensable to the health and well being of their structure.

In Loving Service,

Bo S.
