Dear Special Committee Member:

This letter is to inform your committee of the need for 4 reports to be written by your Chairperson, this year.

The date that the first Special Committee and Sub-Committee Report is needed is August 18, 1982. This date will give the Administrative Committee enough time to prepare the Fellowship report for mailing. Your Chairperson will be notified in ample time as to each due date for reports.

It is important for your committee to be aware that the Administrative Committee must be kept up-to-date as to all progress within all Sub-Committees and Special Committees.

If I can be of any help or service, please contact me:
