

Hitting bottom

Hitting bottom at 18 - suicidal  
Even though we were really hurting  
we still couldn't admit it

Many of us thought we were too young  
to be hitting a bottom or that  
we weren't bad enough. We looked  
at ~~some~~ ~~add~~ hard-core addicts  
who were in jail, robbed & killed  
and thought "I'm not that bad."
